4 (7) Ensure that the report set forth in 3 V.S.A. § 2311 regarding
5 population-level outcomes and indicators and each agency's or department's
6 program-level performance measures are transparent and readily accessible to
7 the public via electronic publication.

8 (8) Assess the effectiveness of population-level indicators in measuring
9 progress in achieving population-level outcomes, and annually review
10 population-level indicators in the context of new data development.
